MANAGEMENT ANALYSIS & DISCUSSION REPORT

The Macro Economic Environment

The Indian Economy emerged with remarkable rapidity from the slowdown caused by the global financial crisis of 2008-09. The economy experienced a more balanced and positive growth, aided by a solid recovery in Agriculture and continued good performance of Industry and Services. As per advance estimates of the Economic Survey of 2010-11, the growth was strong in 2010-11 with GDP growth at factor cost being 8.5%. The Indian economy is the second highest growing economy and the robust growth of 2010-11 can be ascribed to the following:-

- ◆ Increase in Exports (in terms of USD) by 34.4% while imports have grown by 14.1% only
- ◆ Six core industries comprising of crude oil, petroleum refinery products, coal, cement, electricity and steel grew by 5.8% as compared to 5.5% during 2009-10.
- ◆ Overall growth in the Index of Industrial Production (IIP) recorded as 8.2% as compared to 5.3% in previous year.
- ◆ Manufacturing growth was 8.8% and its share in GDP was 15.9%.
- ◆ 242 million tons of the food grains produced showing our self sufficiency in Agriculture.

We are hopeful that the economy will try to match the same growth in the next fiscal also. However rising fuel, metal & mineral prices and general inflation are putting pressure on the domestic economy. Food inflation in particular has remained a cause of concern for the economy. There is a need to be alert and prepared to take proactive steps as the emerging scenario warrants, with the objective of bringing down inflation.

The world economy began to stabilize in the first half of the financial year 2010-11 after the aftermath of the global crisis in the previous years. Signs of recovery were clearly visible and were largely driven by the robust growth in the Emerging Market Economies. Growth in advanced countries was marginal and they continued to face uncertainty with large fiscal deficits, high public debt and high unemployment levels. However, the situation was better compared to the severe crunch faced in the prior year.

In the second half of 2010-11 the growth path was slow. Inflation and high commodity prices have re-emerged as a major concern equally in Emerging Market Economies as well as in developed countries.

World Trade

The trade growth recovered faster than the real GDP growth of the respective countries during the year 2010-11. This has been made possible, in part by the fiscal stimuli provided by the respective governments and the low base of the prior year. The extent of growth differs substantially across countries and world trade remains below its pre-crisis stage. In India, trade growth was among the best and even reached the pre crisis levels.

Industry Structure & Development

Your company is engaged in the business of building and development of real estate in various parts of the Country.

Your company has successfully implemented various projects including KMF Gardens at Kalyan, Golf Manor at Bangalore. This year your company has started Residential Apartments Project at Mathura. The construction of Wing B of Purab Manor Project at Bangalore has also get started this year.

The prospects of Real estate sector are quite hopeful and your company is confident for the successful implementation of its various projects.

KMF BUILDERS & DEVELOPERS LIMITED

Opportunity & Threats

The Real estate sector is full of opportunities but on the same time it cannot be denied that is also full of threats. Following are few of the examples of both which your company is fore seeing:-

- ◆ Continuous private sector housing boom will create more construction and opportunities.
- ◆ Public sector projects through public private partnership will bring further opportunities.
- ◆ Developing supply chain through involvement in large projects is likely to enhance the chances in construction.
- ◆ Renewable energy projects will offer opportunities to develop skills and capacity in new markets.
- ◆ More flexible training delivery techniques are now available.
- ◆ Financial supports like loan and insurance and growth in income of people is in support of construction industry.
- ◆ Long-term market instability and uncertainty may damage the opportunities and prevent the expansion of training and development facilities.
- ◆ Current economic situation may have an adverse impact on construction industry.
- ◆ Political and security conditions in the region and late legislative enforcement measures are always threats to any industry in India.
- ◆ Infrastructure safety is a challenging task in construction industry.
- ◆ Lack of political willingness and support on promoting new strategies.
- ◆ Natural abnormal causalities such as earthquake and floods are uncertain and can prevent the construction boom.
- ◆ Inefficient accessibility in planning and concerning the infrastructure and signs.

Segment-wise or Product wise Performance

Currently your company is trying to diversify its product and range of industry it caters to. Your company now also searching possibilities to work with government projects.

FUTURE OUTLOOK

The company is primarily engaged in the business of construction of residential housing. The real estate sector is quite promising with various advantages, the few of them are as under:-

- ◆ Employment and training opportunities in the field of construction.
- ◆ Private sector housing boom and commercial building demands.
- ◆ Construction of the multi building projects on the feasible locations in the country.
- ◆ Good structured national network facilitates the boom of construction industry.
- ◆ Low cost well-educated and skilled labour and force is now widely available across the country.
- ◆ Sufficient availability of raw material and natural resources in the country is supportive for the industry.
- ◆ Real estate development is on high and it is attracting the focus of the industry towards construction.

Completed projects include "Golf Manor" at NAL wind tunnel road and "Royal Manor" off Airport Road, behind Leela Palace Hotel in Bangalore. Our other projects include a star hotel in Dalhousie, Himachal Pradesh and a residential apartment complex namely KMF Gardens at Kalyan, near Mumbai.

The company is coming out with another residential project at Mathura. The company is quite hopeful for the success of Mathura Project as well and will earn excellent earnings out of it.

KMF BUILDERS & DEVELOPERS LIMITED

Risks & Concerns

The concerns listed above in the point Opportunities & Threats will continue to be risks and concerns for your company. The company will left no stone unturned to improve the net worth in coming year.

SCHEDULE-15

SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS:

A: SIGNIFICANT ACCOUNTING POLICIES:

1. BASIS FOR PREPARATION:

The Financial statements have been prepared and presented under the historical cost convention on accrual basis in accordance with the generally accepted accounting principles in India. The accounting policies have been consistently applied.

2. USE OF ESTIMATES:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of Assets and Liabilities, disclosure of contingent liabilities at the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Differences between the actual results and estimates are recognized in the period in which the results are known/materialized.

3. EVENTS OCCURRING AFTER THE DATE OF BALANCE SHEET:

Material events occurring after the date of Balance Sheet are taken into cognizance and dealt accordingly.

4. REVENUE RECOGNITION: RESIDENTIAL COMPLEX:

Revenue in respect of residential project is recognized based on percentage completion method as per Accounting Standard 7 issued by the ICAI. Under this method, revenue is recognized based on the estimated total cost of the project and estimated sale value based on the transfer of ownership/ possession/ GPA/ Katha Transfer/ Agreements.

Interest income recognized on time proportionate basis and other income is recognized on accrual basis

In respect of interest on IT refund/Insurance claim. Income will be recognized on cash basis

5. INFLATION:

Assets and liabilities are recorded at historical cost. These costs are not adjusted to reflect the changing value in the purchasing power of money.

6. FIXED ASSETS & DEPRECIATION:

- a. Fixed Assets were stated at historical cost less accumulated depreciation.
- b. Direct cost relating to assets such as freight, installation, Duties and taxes are included in the cost of the asset.
- c. Depreciation in the books is provided on all depreciable assets on straight line method at the rates prescribed in Schedule -XIV of the Companies Act, 1956 as amended from time to time. The depreciation is calculated on Pro-rata Basis from the date on which the assets is purchased or put to use, whichever is later including the asset, cost of which is less than Rs.5000/-.
- d. Depreciation on Fixed Assets provided on straight line method.

7. TREATMENT OF EXPENDITURE ON CONSTRUCTION WORK:

The expenditure incurred/borrowing cost on construction work was directly allocated to projects, wherever the expenses were not identifiable those expenses were apportioned to the administration and other projects which are in progress.

8. INVESTMENTS:

Investments are stated at cost

KMF BUILDERS & DEVELOPERS LIMITED

9. RETIREMENT BENEFIT:

- a) One Employee is covered under gratuity scheme. The company has determined the gratuity liability.
- b) In case of leave encashment benefits offered to employees, there is no liability for provision of leave encashment benefit at the end of the year.

10. DEFERRED TAXES:

Deferred tax recognized subject to the consideration of prudence, on timing differences between taxable income and accounting income, that originates in one period and are capable of reversal in one or more subsequent periods.

11. FOREIGN CURRENCY TRANSACTION:

There is no foreign currency inflow or outflow during the year.

12. TAXATION:

Income tax:

Income tax expense comprises current tax for the year determined in accordance with the income-tax Act, 1961.

Deferred tax

Deferred taxation is provided using the liability method in respect of the taxation effect originating from all material timing differences between the accounting and tax treatment of income and expenditure, which are expected with reasonable probability to reverse in subsequent periods. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only when there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down or, written up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realized.

13. SEGMENTAL REPORTING:

The Company Operates in only one segment of business, namely, development of an Residential Housing. Hence segment reporting is not applicable.

14. IMPAIRMENT OF ASSETS:

Management periodically assesses using, external and internal sources, whether there is an indication that an asset may be impaired. An asset is impaired when the carrying amount of the asset exceeds its recoverable amount. An impairment loss is charged to Profit and Loss Account in the year in which an asset is identified as impaired.

15. PROVISIONS AND CONTINGENT LIABILITIES:

A provision is recognized when the company has present obligations as a result of past event, it is probable that an outflow of resources will be required to settle the obligations, in respect of which reliable estimate can be made. Provisions are not discounted to its present value and are determined based on the best estimates required to settle the obligations at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect a current best estimate.

All known liabilities wherever material are provided for. Liabilities which are material and whose future outcome cannot be ascertained with reasonable certainty are treated as contingent and disclosed by way of notes to the accounts wherever necessary.
